Guideline for Qualifying Exam

To be compliant with the Graduate Studies Regulations, students must follow the guideline of Qualifying Examination below:

- 1) Students should read and understand the regulations of Qualifying Examination in Part 4, Number 80-87 of the Graduate Studies Handbook (2008)
- 2) Students are entitled to take a qualifying examination only when they receive consent from the Program Committee and registered for Qualifying Examination course in the semester they wish to take the exam.
- 3) The Qualifying Examination consists of five written exams of the following subjects;
 - 3.1) Mineralogy
 - 3.2) Igneous and metamorphic rock
 - 3.3) Sedimentology
 - 3.4) Structural Geology
 - 3.5) Geomorphology

Students must take one written exam per day, starting from 09:00 AM to 12:00 PM, in the Qualifying Examination week. To be considered “Passed or Satisfied” the Qualifying Examination, students must achieve at least 50% score for all exam subjects.

- 4) Students who receive “Unsatisfied” after taking the first Qualifying Examination is entitled to retake the examination one more time.

This guideline is effective as of December 1st, 2016

Guideline for Research Proposal Submission

To be compliant with the Graduate School regulations, students must pass Qualifying Examination and get the Research Proposal approved by the Program Committee **within the first three years** registered as graduate students at Chulalongkorn University. Students who plan to submit the Research Proposal should follow the guideline below:

- 1) Students should read and understand the regulations of Thesis/Dissertation proposal examination in Part 5, Number 88-93 of the Graduate Studies Handbook (2008).
- 2) The Secretary of the Program will discuss with the Program Committee to schedule the proposal evaluation date and notify students.
- 3) Students must submit the Research Proposal signed by the student's supervisor (one hard copy and one digital copy in PDF format) to the Secretary of the Program Committee **at least two weeks before the proposal evaluation date**. Late submission will not be accepted for the evaluation.
- 4) If there is any suggested correction in the research proposal from the Program Committee, students shall modify accordingly and resubmit the Research Proposal to the Secretary of the Program Committee **within one week after the evaluation date**.

This guideline is effective as of December 1st, 2016
